

HEMINGWAYS

WATAMU

Launching in January 2018 following a complete redesign over the last two years, Hemingways Watamu is set to reclaim its position as Kenya's most iconic beach hotel. Located on Turtle Bay within the protected Marine National Park of Watamu, Hemingways Watamu is a tropical paradise for snorkelling and diving amongst breathtakingly beautiful coral and multi-coloured sea-life.

The USD11M refurbishment will transform the classic and much-loved old hotel into an spectacular property unrivalled on the coast of Kenya. Designed by South African architectural firm DSA, Hemingways Watamu will have 39 airy hotel rooms, all with direct ocean views. 21 spacious one, two and four bedroom residences will be available, offering exceptional space and privacy.

In addition to the pristine white sand beach, Hemingways Watamu will offer two swimming pools and a brand new spa. The restaurant will be positioned overlooking the ocean and will serve fresh local produce with a strong focus on seafood. Returning guests will be delighted to find the renowned 'Hemingways Bar' relatively untouched, continuing as a much-loved focal point in the hotel.

As with all properties in the Hemingways Collection, superb service will be paramount. Hemingways Watamu will reopen with many of the original Kenyan staff who have been part of the personality of the hotel over the last 30 years, ensuring the charm and warm hospitality of Hemingways Watamu will remain the same as ever.

ROOMS AND RESIDENCES
