OL MALO

Ol Malo Horse riding is one of our most popular experiences

We take all levels and ages.

The terrain you can ride in / types of rides you can do is only restricted by your ability - for your own safety as this is big game country.

Also for safety reason fast rides are in the morning and slower rides in the evening.

As rides are only private to a group and you will generally get 1 ride a day in high season, unless by prior arrangement to do 2 a day
